Dear Ms. Vourvopoulos,

I commend the members of the Personal Watercraft Industry Association (PWIA) for the development and publication of the pamphlet entitled "An Environmental Guide for Personal Watercraft Operators." As you know, the Coast Guard has elected to distribute copies of this pamphlet to recreational boaters and other members of the public through the "Sea Partners" environmental education program.

The initiative that the PWIA has shown in developing this pamphlet is an outstanding example of industry's commitment to solving problems in the environmental arena. Please pass along to all executive members of the PWIA my congratulations for their vision and leadership.

Sincerely,

A handwritten signature in dark ink, appearing to read "J. C. Card".
